

YOUR TOTAL COST ADVANTAGE

The Best Raw Material

Our mill is located in the premier hardwood forest in North America, allowing us to produce veneer with better color and a smoother surface.

Safe + Trusted

Made in the USA. We have delivered a consistent, sustainable, and rock-solid supply of hardwood veneer for over 75 years.

Inventory Cost Savings

We carry a large inventory of the widest variety of hardwood veneer species and cuts in the industry, allowing for just-in-time shipments that save you money.

All You Need On One Truck

We manufacture a broad spectrum of both rotary cut and plain slice veneers in both standard and custom thicknesses including specialty items like counterfronts and cut to size.

Consistent Grade + Superior Quality

Our well trained workforce and state of the art equipment consistently deliver high quality hardwood veneers that many of the largest plywood and furniture manufacturers in the world count on.

Helpful Problem Solvers

Our highly technical sales and operations teams are committed to helping you overcome your most difficult wood product engineering and supply chain challenges.
